

REGISTRATION INFORMATION

Registration Information for Graduate Students

All graduate students* are required to register every academic term up until graduation. This includes Fall, Winter and Summer terms.

*The re-registration requirement does not apply to occasional students, visiting students, visiting student researchers, Pre-Master's students or students on an Exceptional or Parental Leave of Absence (refer to "Leaves of Absence (<https://catalog.umanitoba.ca/graduate-studies/academic-guide/leaves-absence/>)").

Initial Registration

All graduate students must initially register in the term indicated in their letter of acceptance to the Faculty of Graduate Studies. Any student not registered by the registration deadline for the term specified in their letter of offer will be required to apply for re-admission (re-admission is not guaranteed). In exceptional circumstances and with prior approval from the department/unit, students may defer registration for up to one (1) year following acceptance into the Faculty of Graduate Studies.

A student's program of study must be approved by the Head of the major department/unit or designate. Approval to take courses from departments/units outside the major department/unit must be obtained from the outside department/unit.

Re-Registration

In addition to course registration, students must register in the Master's re-registration course (GRAD 7020) or Doctoral re-registration course (GRAD 8020) every term. Registration in the re-registration course ensures students retain their status as a graduate student and are assessed the appropriate fees.

For more information about registration, see the Registration Procedures (<https://catalog.umanitoba.ca/graduate-studies/academic-guide/application-admission-registration-policies/>) section of the FGS Academic Guide.

Returning Students & Progress Reports

Student progress must be reported **at least** annually to the Faculty of Graduate Studies on the "Progress Report (<https://umanitoba.ca/graduate-studies/forms/>)" form. Failure to submit a Progress Report will result in a hold placed on the student's record which will prevent future registration.

How to Register

The Registrar's Office provides comprehensive information about registration concerning important registration dates, tips, step-by-step how-to's, and registration errors. See <https://umanitoba.ca/registrar/registration/>.

Failure to Register

Failure to re-register while in good academic standing will result in the student being discontinued from their graduate program and the notation 'Discontinued Graduate Program' placed on their academic record. Failure to re-register while not in good academic standing* will result in the student being withdrawn and the notation 'Required to Withdraw' placed on their academic record. A student who has been discontinued and

would like to be considered for continuation in a program must apply for re-admission via the online admission process.

*Good academic standing includes, but is not limited to, the regulations contained in sections Academic Performance and Performance Related to Coursework (<https://catalog.umanitoba.ca/graduate-studies/academic-guide/academic-performance-general/>) without exceeding the time permitted to complete a program.
