## FOODS OPTION, B.SC. - <br> HUMAN NUTRITIONAL SCIENCES

## Overview/Entrance Requirements

Students majoring in Human Nutritional Sciences (HNS) will be admitted to the 4-year degree program, the second-degree program, or the Human Nutritional Sciences/Culinary Arts program. Students in the 4-year degree program must choose from the Nutrition Option, the Foods Option, or the Food Industry Option.

## Degree Requirements

## Bachelor of Science (Human Nutritional Sciences)Foods Option

| Course | Title Hour | Hours |
| :---: | :---: | :---: |
| AGRI 1600 | Introduction to Agrifood Systems | 3 |
| AGRI 2400 | Experimental Methods in Agricultural and Food Sciences ${ }^{1}$ | 3 |
| One of the following ${ }^{2}$ |  | 3-6 |
| BIOL 1410 | Anatomy of the Human Body |  |
| BIOL 1020 <br> \& BIOL 1030 | Biology 1: Principles and Themes and Biology 2: Biological Diversity, Function and Interactions |  |
| BIOL 1412 | Physiology of the Human Body ${ }^{2}$ | 3 |
| CHEM 1100 | Introductory Chemistry 1: Atomic and Molecular Structure and Energetics | 3 |
| CHEM 1130 or CHEM 1110 | Introduction to Organic Chemistry ${ }^{3}$ <br> Introductory Chemistry 2: Interaction, Reactivity, and Chemical Properties |  |
| $\begin{aligned} & \text { CHEM/MBIO } \\ & 2730 \end{aligned}$ | Elements of Biochemistry $1{ }^{4}$ | 3 |
| CHEM 2740 | Introduction to the Biochemistry Laboratory ${ }^{5}$ | 3 |
| $\begin{aligned} & \text { CHEM/MBIO } \\ & 2750 \end{aligned}$ | Elements of Biochemistry $2^{6}$ | 3 |
| FOOD 4150 | Food Microbiology 1 | 3 |
| HEAL 2600 | Integration of Health Determinants of Individuals | s 3 |
| HEAL 3000 | Introduction to Social Epidemiology | 3 |
| HNSC 1200 | Food: Facts and Fallacies | 3 |
| HNSC 1210 | Nutrition for Health and Changing Lifestyles | 3 |
| HNSC 2000 | Research Methods and Presentation | 3 |
| HNSC 2130 | Nutrition Through the Life Cycle | 3 |
| HNSC 2140 | Basic Principles of Human Nutrition | 3 |
| HNSC 2150 | Composition, Functional and Nutritional Properties of Foods | ies 3 |
| HNSC 2160 | Principles of Food Preparation and Preservation | 3 |
| HNSC 4100 | Current Issues in Food and Human Nutrition | 3 |
| $\begin{aligned} & \text { PSYC } 1200 \\ & \text { or SOC } 1000 \end{aligned}$ | Introduction to Psychology Introduction to Sociology | 3-6 |

Total Hours

1 STAT 2000 (Basic Statistical Analysis 2) can be substituted for AGRI 2400 (Experimental Methods in Agricultural and Food Sciences).

Under required courses, students can use CHEM 2710/MBIO 2710 (Biochemistry 2: Catabolism, Synthesis, and Information Pathway) in place of CHEM 2750/MBIO 2750 (Elements of Biochemistry 2).

## Foods Option

| Course | Title | Hours |
| :--- | :--- | ---: |
| HNSC 3300 | Vitamins and Minerals in Human Health | 3 |
| or HNSC 3310 | Macronutrients and Human Health |  |
| HNSC 3260 | Food Quality Evaluation | 3 |
| HNSC 3330 | Ingredient Technology for Designed Foods | 3 |
| HNSC 3350 | Culture and Food Patterns | 3 |
| HNSC 4270 | Sensory Evaluation of Food | 3 |
| HNSC 4280 | Food Product Development | 3 |
| HNSC 4290 | Food, Nutrition and Health Policies | 3 |
| MKT 2210 | Fundamentals of Marketing | 3 |
| Program Electives ${ }^{1}$ | 9 |  |
| Free Electives ${ }^{2,3}$ |  | $\mathbf{1 8 - 2 4}$ |
| Total Hours |  | $51-57$ |

1 Program Electives - can be from either the Asper School of Business (any level), or any 3000 or 4000 level FOOD (Food Science) courses (note some FOOD courses are co-taught with HNSC courses). Students must have the correct pre-requisites for the Program Elective and need to plan accordingly.
Students selecting BIOL 1020 and BIOL 1030 are not required to complete BIOL 1410. If BIOL 1020 and BIOL 1030 are taken, the additional 3 credit hours will be used towards free electives. Under required courses, students must take BIOL 1412. Students can substitute both BIOL 1410 and BIOL 1412 with both BIOL 2410 and BIOL 2420.
Students can apply for the Cooperative Education Program. Two work terms are required to graduate with Co-op designation. Co-op courses (3 credit hours each) are used towards free electives.

## Progression Plan

Suggested Progression of Program: Foods Option

| Course | Title | Hours |
| :---: | :---: | :---: |
| Year 1 |  |  |
| HNSC 1200 | Food: Facts and Fallacies | 3 |
| HNSC 1210 | Nutrition for Health and Changing Lifestyles | 3 |
| AGRI 1600 | Introduction to Agrifood Systems | 3 |
| One of the following: |  | 3 |
| BIOL 1410 | Anatomy of the Human Body (or) |  |
| $\begin{aligned} & \text { BIOL } 1020 \\ & \& \text { BIOL } 1030 \end{aligned}$ | Biology 1: Principles and Themes and Biology 2: Biological Diversity, Function and Interactions |  |
| BIOL 1412 | Physiology of the Human Body | 3 |
| CHEM 1100 | Introductory Chemistry 1: Atomic and Molecular Structure and Energetics | 3 |
| CHEM 1110 <br> or CHEM 1130 | Introductory Chemistry 2: Interaction, Reactivity, and Chemical Properties or Introduction to Organic Chemistry | 3 |
| $\begin{aligned} & \text { PSYC } 1200 \\ & \text { or SOC } 1000 \end{aligned}$ | Introduction to Psychology or Introduction to Sociology | 6 |
| Free Elective(s) - credit hours (0-6) depend on selections above |  | 3 |

|  | Hours | $\mathbf{3 0}$ |
| :--- | :--- | ---: |
| Year 2 |  |  |
| HNSC 2000 | Research Methods and Presentation | 3 |
| HNSC 2130 | Nutrition Through the Life Cycle | 3 |
| HNSC 2140 | Basic Principles of Human Nutrition | 3 |
| HNSC 2150 | Composition, Functional and Nutritional <br> Properties of Foods | 3 |
| HNSC 2160 | Principles of Food Preparation and <br>  <br>  <br> Preservation | 3 |
| AGRI 2400 | Experimental Methods in Agricultural and <br> Food Sciences | 3 |
| CHEM/MBIO 2730 | Elements of Biochemistry 1 |  |
| CHEM 2740 | Introduction to the Biochemistry <br> Laboratory | 3 |
| CHEM/MBIO 2750 | Elements of Biochemistry 2 | 3 |
| HEAL 2600 | Integration of Health Determinants of <br> Individuals | 3 |
|  | Hours | $\mathbf{3 0}$ |

| Year 3 |  |  |
| :--- | :--- | ---: |
| HNSC 3260 | Food Quality Evaluation | 3 |
| HNSC 3350 | Culture and Food Patterns | 3 |
| HNSC 3330 | Ingredient Technology for Designed Foods | 3 |
| FOOD 4150 | Food Microbiology 1 | 3 |
| HEAL 3000 | Introduction to Social Epidemiology | 3 |
| MKT 2210 | Fundamentals of Marketing | 3 |
| Program Electives |  | 6 |
| Free Electives |  | 6 |
|  | Hours | $\mathbf{3 0}$ |

## Year 4

HNSC 3300 or HNSC 3310

Vitamins and Minerals in Human Health or Macronutrients and Human Health

| HNSC 4100 | Current Issues in Food and Human <br> Nutrition | 3 |
| :--- | :--- | ---: |
| HNSC 4270 | Sensory Evaluation of Food | 3 |
| HNSC 4280 | Food Product Development | 3 |
| HNSC 4290 | Food, Nutrition and Health Policies | 3 |
| Program Elective |  | 3 |
| Free Electives | Hours | $\mathbf{1 2}$ |
|  | Total Hours | $\mathbf{3 0}$ |
|  | $\mathbf{1 2 0}$ |  |

## Cooperative Education Program

Co-operative Education is a process that alternates periods of academic study with periods of paid work experience relating to the co-op student's area of study. Through the Co-operative Education Program, full-time, paid work terms provide the students with practical experience and provide guidance for further career specialization or further academic study

Students secure full-time, paid co-op work placements with a facultyapproved employer(s) that are each a minimum of 420 hours, to be completed within 4 months. The faculty supports students on both a group and individual basis to determine their learning goals for the work placement. Students are expected to attend an orientation session as well as participate in a series of self-evaluations under the guidance of a sessional instructor. Prior to starting each work term, students will register in AGRI 2002 (first placement), AGRI 3002 (2nd placement), and AGRI 4002 (3rd placement) within the term that their coop placement will take place and pay the fees. Students must submit a reflective written report at the end of the work term and are evaluated for both overall participation and the report on a Pass/Fail basis.

## Degree Program

Admission: Students who have been admitted to an undergraduate program within the faculty are eligible to apply to the Co-operative Education Program. Students are advised that satisfying the entrance requirements does not guarantee a place in the Co-operative Education Program. Full admission into the Program is dependent upon a student's ability to secure a work term placement. Normally, the first work term would take place at the end of the second academic year allowing students to pursue professional development activities in year one. However, with approval of the Faculty and employer, the first work term could commence after the first year of a four-year or second-degree program. Students admitted into the Program must maintain good academic standing (minimum DGPA of 2.0).

Employment Term Requirements: The Co-operative Education Program requires the student to secure two full-time, paid co-op work terms (minimum of 420 hours each) with a faculty approved employer(s). A third work term is optional. Prior to starting the work term, students are required to register in the appropriate Agricultural and Food Sciences Cooperative Education Work Term Course within the set deadlines and pay the fee. Successful completion of a work term includes participating in a mid-work term interview with the Co-op Coordinator and completion of a written work term report at the end of each work term. Students who receive a passing grade on the work term reports for all required work terms graduate with the Co-operative Education designation acknowledged on their parchment.

During a work term, a co-op student may take a maximum of one additional course worth up to six credit hours for a total of nine (9) credit
hours. Co-op credit hours earned can be used towards free elective requirements in any degree program.

## Diploma Program

Admission: To be considered for admission in the Cooperative Education Program, a first year diploma student must have a minimum Degree GPA of 2.0, and have completed at least 24 credit hours of studies by the end of the academic year of application.

Students are advised that satisfying the entrance requirements does not guarantee a place in the Cooperative Education Program. Full admission into the program is dependent upon the student receiving a job placement through the Cooperative Education Office.

Employment Term Requirements: The student will receive three credits for completing the Cooperative Education Program. Students are required to register in the employment term course and pay the fee prior to starting the employment term.
