

COMMUNITY HEALTH SCIENCES (CHSC)

CHSC 2000 Applied Epidemiology and Public Health 3 cr

This course offers a foundational understanding of the principles and methods used to study the distribution and determinants of health and disease in populations. Students will learn to analyze patterns of illness, assess risk factors, and interpret epidemiological data to inform public health decisions. Emphasis is placed on applying epidemiological thinking to community and global health challenges. Priority for registration will be given to students in the College of Community and Global Health and Rady Faculty of Health Sciences

CHSC 3002 Addictions in the Family 3 cr

This course will provide an overview of alcohol/substance use and gambling in Canada, including information on theories, risk and protective factors, pharmacological principles, and the impact of addictions on individuals, families, and communities. Prevention, intervention, and treatment issues will also be addressed. Issues related to age, gender, culture, socioeconomic status, and sexual orientation will also be considered throughout the course. May not be held with PSYC 4492 or SWRK 4254 or FMLY 3470 when titled Addictions in the Family.

PR/CR: A minimum grade of C is required unless otherwise indicated.

Prerequisite: one of FMLY 1000, FMLY 1010, the former FMLY 1020, PSYC 1200, the former PSYC 1201, SOC 1000, SOC 1201, the former SOC 1200, or written consent of the instructor.

Equiv To: FMLY 3002

Mutually Exclusive: FMLY 3470

CHSC 3004 Decolonizing Perspectives in Indigenous Health 3 cr

This course explores the impact of colonialism and systemic racism on Indigenous health outcomes in Canada, emphasizing the importance of decolonization in promoting health equity. A critical examination of the key determinants of health for Indigenous peoples, including intergenerational trauma, and cultural safety in healthcare settings. The role of Indigenous knowledge systems in health and wellness will be covered. May not be held with SWRK 2010 or FMLY 3470 when titled Decolonizing Perspectives in Indigenous Health.

PR/CR: A minimum grade of C is required unless otherwise indicated.

Prerequisite: one of FMLY 2500, the former FMLY 2350, INDG 1220, INDG 1240, the former NATV 1220, the former NATV 1240, or written consent of instructor.

Equiv To: FMLY 3004

Mutually Exclusive: FMLY 3470
