B) Two-Year Plan (Concentrated Program) – Fort Garry Campus

Fort Garry campus students who, prior to admission to the BSW program, have completed 30 credit hours of general university study admission requirements + 18 credit hours of non-social work electives required for program completion (see chart in admission) and have attained a minimum Adjusted Grade Point Average (AGPA) of 3.00, are eligible for the two-year plan (Concentrated Program). If a student has completed the required 30 credit hours for admission and 18 credit hours of non-social work electives which are acceptable to the University of Manitoba, but does not have the required 3.00 AGPA, or prefers a more extended time period, that student can register for either the three-year plan or the part-time plan.

Students eligible to register for the concentrated program may choose to do so at point of initial registration following admission only.

If any of the required social work courses were part of 48 credit hours completed prior to admission to the BSW program, they will have to be substituted with elective courses after admission to the BSW program. Any outstanding elective courses, including written English and Mathematics requirements, must be completed by the end of Winter term in the first year of the BSW Concentrated Program.

Students must maintain a Degree Grade Point Average (DGPA) of a minimum 3.00 at the end of each term to remain in the Concentrated Program. In an instance where one or both of these requirements are not met, the student's status will be changed from Concentrated to Regular.

Students planning on completing their program in two years must follow the structure outlined below (which requires completing at least 12 credit hours during the summer).
